Chica Gomes / Janet Griffin
(self rubric)

OOP and Design Patterns (CSCI 375)
Student Showcase (Final Project) Rubric

1. Project Title:

Confidential Data Access Portal

Instructions:

1. There are 10 technical requirements (worth 100 points) to grade the project and the team presentation.
2. For each requirement, use 0 - 10 scale in the Score column (0-6: Fail, 7: C (Average), 8: B (Above Average), 9: A (Good), (10: Excellent)
3. Use the *Notes* section to jot down any observations that may help in grading and justification.

Team and Technical Project Requirement	**Score**
1. Use **4+1 Views** to explain the software design to the audience. Notes:	9 /10
2. **Use of 3 Design Patterns** -- presentation clearly stated and briefly explained design patterns use. Common design patterns are Iterator, Decorator, Observer, Strategy, Command, State, Singleton, Adapter, Façade, Flyweight, Abstract Factory, Composite, Template, MVC, etc. Notes:	9 /10
3. **Use of Fundamental OOD Concepts-** e.g., Inheritance, Abstraction, Getters and Setters, Overloading, Attributes and Methods, etc. Notes:	9 /10
4. **Software management** – good usage of management, communication and tracking tools e.g., Gant chart, Kanban board, GitHub Project, Clickup, Discord, Slack, etc. Notes:	9 /10
5. **Documentation** – clear, easy to follow documentation, UML diagrams are complete, and notations are correct; explanation of objects interaction is clear and complete. Notes:	9 /10

6. **Testing and CI-CD pipeline – automatically generates test data** using hypothesis, usage of mocking/patching, provides code coverage and Python type check (mypy) reports, CI-CD, Docker, etc. Notes:	9 /10
7. **Clean code and Modularity** – project uses appropriate software and system design; the code follows best practices (pep8), is well organized and refactored into packages, modules, classes, etc. Notes:	9 /10
8. **Project requirements and execution** -- clearly stated functional and technical requirements, project adequately challenging for sophomore-junior students; project demo was clear and concise, etc. Notes:	9 /10
9. **Team presentation** -- all members participated in presentation, used the visual and oral presentation techniques and tools to engage audience, etc. Notes:	9 /10
10. **Individual Contributions** – briefly explain how and what each member contributed to the successful execution of the project. Notes:	9 /10
11. **BONUS: Above and beyond** – Team went beyond the above list e.g., great User Interface, use of Database, security, real-world application, real-world client delight and interaction, etc. Notes:	10 /10
Total Score Note: Max score can be 110 due to 10 BONUS points.	99 /100
